- 3. Using Qwen2.5VL
 - 3.1 Running Qwen2.5VL
 - 3.2 Having a Conversation
 - 3.3 Vision Capabilities
 - 3.4 Ending the Conversation
 - 3.5 Chinese Conversation
- References

Note: Due to performance limitations, the RDK X5 4GB version can only run the small parameter version.

Qwen2.5-VL is the new flagship vision-language model of Qwen, and a significant leap compared to the previous Qwen2-VL.

1. Model Scale

Model	Size
qwen2.5vl:3b	3.2GB
qwen2.5vl:7b	6.0GB

2. Performance

		Qwen2.5-VL-3B	InternVL2.5-4B	Qwen2-VL-7B

3. Using Qwen2.5VL

3.1 Running Qwen2.5VL

Use the run command to start the model. If you have not downloaded this model before, it will be automatically pulled from the Ollama model library:

```
ollama run qwen2.5vl:3b
```

```

$ ollama run qwen2.5vl:3b
pulling manifest
pulling e9758e589d44: 100% 3.2 GB
pulling a242d8dfdc8f: 100% 487 B
pulling 75357d685f23: 100% 28 B
pulling 832dd9e00a68: 100% 11 KB
pulling 52d2a7aa3a38: 100% 23 B
pulling 97a23b280c2e: 100% 567 B
verifying sha256 digest
writing manifest
success
>>> Send a message (/? for help)

```

3.2 Having a Conversation

```
Please tell me how many hours there are in a day
```

The response time depends on the hardware configuration, please be patient!

```

$ ollama run qwen2.5vl:3b
>>> Please tell me how many hours there are in a day
There are 24 hours in a day.
>>> Send a message (/? for help)

```

3.3 Vision Capabilities

what do you see in this picture? ../test_pic.png
#In a conversation, use ": + the path to the image" to enable the model's vision capabilities and have it analyze the information in the picture.

```
~$ ollama run qwen2.5vl:3b
>>> What do you see in this picture?:../test_pic.png
Added image '../test_pic.png'
The picture shows a person sitting on a rooftop or elevated platform, looking up towards the sky. The person is wearing a white tank top and appears to be in a relaxed or contemplative pose. In the foreground, there is a clear plastic bottle. The background features a bright, sunny sky with some clouds and a cityscape with buildings visible in the distance. The overall atmosphere of the image is calm and serene.
```

3.4 Ending the Conversation

Use the `Ctrl+d` shortcut or `/bye` to end the conversation!

3.5 Chinese Conversation

If you don't have a Chinese input method, you can refer to the tutorial on switching Chinese input methods.

Chinese conversation:

```
>>> 一个小时是多少分钟？请用中文回答我
一个小时是60分钟。
>>> Send a message (/? for help)
```
